# **A Report on the Certificate Course in History**

## **Name of the course- Historical Tourism**

There are historical monuments and places all around India that attract visitors from all over the world. The primary focus of historical tourism is historical sites. Individuals visit these locations for a variety of reasons, including entertainment and knowledge. Tourism flourishes because of the country's history. It is considered an important aspect of history, especially in India. India is a country with a rich historical background shaped by a plethora of historical kings, mythical rulers, and warriors. Every city or location in the country has a tale to tell, which conveys important historical facts. Historical tourism is an economic development tool that generates revenue by attracting visitors from outside a host community who are drawn to a community, region, group, or institution because of its historical, artistic, scientific, or lifestyle/heritage assets. This type of travel focuses on encountering cultural surroundings, such as landscapes, the visual and performing arts, as well as unique lifestyles, values, traditions, and events.

In this certificate course, the students learn how and why travellers interact with history and culture, as well as what motivates historical tourism. They also learn about the effects of cultural and historical tourism, as well as the negative effects of tourism on culture, and what this means for the future conservation and administration of historical places. The students can have a good understanding of the problems and opportunities of managing historical tourism resources at the end of this course. They will also learn how to promote and preserve historical places in a way that is consistent with sustainable tourism principles. Therefore, our college started this course in 2017-18.

# **A Report on the Certificate Course in History**

## **Name of the course- Marathwada Tourism**

Marathwada Tourism refers to tourism in the Marathwada region of Maharashtra state. Aurangabad is Marathwada's regional capital and Maharashtra's tourism hub. Marathwada is home to two of Maharashtra's four UNESCO World Heritage Sites. In Marathwada, the Maharashtra government has safeguarded 110 monuments that have been recognised by the Archaeological Survey of India. Three of the Hindu God Shiva's twelve Jyotirlingas are located in Marathwada, making it a famous religious tourist destination. Hazur Sahib Nanded is the second holiest site in Sikhism, after Harmandir Sahib (Golden Temple) in Amritsar. There are other sufi shrines in Marathwada, the most notable of which is Turabul Haq Dargah in Parbhani, which attracts thousands of people of various faiths every year. Pathri, in the Parbhani region, is the birthplace of Shirdi's Sai Baba, and the Pathri Sai Baba Birth Temple is an important religious tourism destination in Marathwada. # **A Report on the Certificate Course in Sociology**

## **Name of the course- Personality Development**

The dynamic creation and deconstruction of integrative features that differentiate an individual in terms of interpersonal behavioural traits is referred to as personality development. Personality development is a dynamic process that is influenced by a variety of elements including the environment and life events. Therefore, our college started this course in 2018-19.

The Personality Development Certificate Course teaches students about themselves, their values, beliefs, and the goals they want to achieve. Pursuing other people's ambitions will never bring them true fulfilment. If they want to be happy for the rest of their lives, they must design their lives around who they are. They are clearer on the things they want to achieve in life once they have increased their self-awareness. Making decisions gets a lot easier. Clarity comes with personal growth. Even if their sense of direction improves, different things will always vie for their attention. Prioritization gets much easier as their personal development progresses. Students will know what they want to achieve after finishing this Certificate Course, and it will be easier for them to recognise the rewards of taking action. Life will be difficult at times. They must have the skills and traits to deal effectively with difficult situations when they arise. Personal growth will not be able to prevent all negative events from occurring, but it will assist them in dealing with them when they do. They will be more confident, resilient, and have improved personal and interpersonal abilities to deal with any situation.

## **A Report on the Certificate Course in Home-Science**

### **Name of the course- Tie and Dye specialist**

Tie-Dye is an exceedingly basic craft that may be begun at home for no expense at all. When tie-and-dye patterns are created on a length of cloth that has been coloured with patches of simple colour or texture, the effect is considerably enhanced. These might be arranged at random or in accordance with the design plan. The major backdrop forms and textures are created by adapting traditional tie-dyeing techniques to pattern bigger areas more readily and swiftly. Really large-scale shapes work well for creating overlay patterns because they act as a frame for the backdrop material. The students learn tie-dye techniques to infuse their clothes with brilliant colours and individuality. They also learn how to make simple patterns like stripes, bullseyes, spirals, and geometric forms. They can experiment with crumples, gradients, and captivating colour combinations to unleash their imagination and create unique works.

With an awareness of consumer behaviour, this certificate course cultivates students' capacity to employ colour to achieve success and enhance sales. Therefore, our college started this course in 2016-17 and again it was repeated in 2019-20.

# **A Report on the Certificate Course in Sports**

## **Name of the course- Yoga Basics**

Yoga is unique blend of physical and mental exercises that has enthralled yoga practitioners all around the world for thousands of years. To reap the benefits of yoga, one doesn't have to be a yogi or yogini. Whether one is young or old, overweight or fit, yoga has the potential to calm the mind and strengthen the body. Yoga language, posing in expensive studios, and challenging poses should not deter one. Yoga is something that everybody can do. Therefore, our college started this course in 2018-19 and again it was repeated in 2019-20 .

Yoga teaches students to slow down their movements and breathe deeply to enhance blood flow and warm up muscles, while holding a pose can help them gain strength. Regular yoga practise may help to reduce stress and inflammation throughout the body, resulting in healthier hearts. Yoga can help with several of the conditions that contribute to heart disease, including excessive blood pressure and obesity. After starting into a yoga regimen, students report enhanced mental and physical energy, more attention and enthusiasm, and fewer negative feelings. It also aids in stress reduction, mental wellness, mindfulness, healthy eating, weight loss, and restful sleep.
